**Subject:** RE: 040136\_NOV735387\_14MAY16 question

Just documenting this was not a violation. No NOV 735387 was ever realized on account there was no merit to this violation. It is compliant to install and operate a source associated with a minor modification once the request for modification has been submitted. Besides there was also a typo. I intended at the time to type 14Mar16 (date of my reinspection) not 14May16. I figure this is best explained.

Sincerely,

**Importance:** High

Bryan,

I need your help.

How is Rule 220 Section 403.2 applicable to the source's installation of emergency generators G-4 and G-43? The source already included this equipment in the request for permit modification submitted on 03-Dec-2016. What are the elements of the violation at this point? What is the corrective action?

Isn't Rule 220 Subsection 301.3a more applicable here?

**The Air Quality Department strives to provide excellent customer service to residents of Maricopa County.**

How are we doing? [Send us your feedback.](#)

Sincerely,

**Shannon Klimek**
